The vote in the county was a surprise to most every one as conditions were thought to be favorable to a close finish in the Representative race.

## CLEO OATES

Of White Plains, Indicted For False Swearing

Cleo Oates, age nineteen, son of L. L. Oates, a prominent farmer of the White Plains country, was indicted by the September grand jury on the charge of false swearing.

He is charged with giving false testimony at the trial of John Hanks at White Plains several months ago. Hanks was charged with breach of the peace. He and Marshal Roush had a fight when Hanks was arrested and the boy declared he was a witness to the fight and made a strong witness for the defense. He said he saw the entire occurrence while the indictment charges that he did not see any of it and was not present.

Hank was acquitted and is now suing the marshal for damages in the circuit court.

Young Oates denies the charge against him in the indictment and says he will be able to prove easily that he was present and saw the fight.

## Democrats Win in Massachusetts

In Massachusetts Gov. Foss, Democrat, was elected by a reduced plurality of about 8,000 over Forthingham, Republican. The contest was very close. The Republican candidate for Lieut. Governor was elected by 7,000.

## Not Much Lost.

Two lunatics conversed in the asylum yard. One had megalomania. Said he: "Had they not locked me up here, I should have been a second Napoleon!" Thoughtfully, the other contemplated a peacock devil on the asylum wall, then remarked: "The second Napoleon wasn't much shucks."

## Useless Worrying.

An old author has remarked that there are two things which it does no good to worry about--what you can help, and what you can't help. The latter, because fretting won't help the matter; and in the former, because it is your duty to go and help it, without fretting.

## Nothing Doing.

Geraldine--Did you ask pa for my hand? Gerald--I did. Geraldine--What was his answer? Gerald--According to my translation I can't have even your little finger.

## Queer Verdict

Kansas City, Nov. 6.--A jury in the Circuit court here was awarded \$3,500 damages to Oral Munden, a five-year-old boy, because a local jeweler used his picture in an advertisement. In the suit it was explained that this inscription was printed in the newspaper in connection with the photograph of the child.

"Papa is going to buy mamma a watch for Christmas, and somebody (I won't tell who) is going to buy sister a diamond ring. What are you going to buy for me?"

## Judge Dempsey, of Madisonville, Buys Coal Field

Just what disposition these gentlemen will make of this property is not known.

Willson's guests; distinguished out-of-town guests and the publishers of Louisville's five daily newspapers will be seated at the President's table.

Gov. Willson, in his proclamation upon the Lincoln celebration says in part:

"The Lincoln Memorial building a granite temple, holding, as in the Ark of the Covenant, the humble log cabin in which Abraham Lincoln was born, on the Lincoln Farm in Laurel county, Kentucky, bought by popular subscriptions to the Lincoln Farm Association, will be dedicated the next day, Thursday, November 9, 1911, and the President of the United States and many distinguished guests will be present and take part in that service, and the Governor of Kentucky sends greeting to all of the people of Kentucky and our sister States and earnestly invites them to be present and have a part in the great interest and pleasure of that day."

## Offers to Pardon

Gov. Willson has issued a proclamation in which he promises immunity to the party to a vote-selling transaction who is the first to testify concerning it, whether this party is the buyer or the seller.

## Aviation Meet at Hopkinsville Big Success

The Aviation meet at Hopkinsville was a big success. In spite of the bad weather thousands witnessed the sensational flight of young Jimmie Ward. Judge Prowse was unfortunate in breaking his big machine and did not make a successful flight. One of the greatest drawbacks to the meeting was the hundreds of people who saw the performance without paying a cent and thus cut down the receipts considerably.

CALL FOR GREATER  
KENTUCKY CONVENTION

To be Held in Louisville, November 14-15

So many questions of vital importance to the future of Kentucky are pressing upon the people of the State for discussion and wise solution that it seems important again to call together in conference representative men from all parts of the State to consider present conditions and desired reforms and feasible methods of advancing the prosperity of the State. Such conference heretofore held have resulted in great good, developing a better understanding of the needs of the State and a closer co-operation among its progressive citizens, and promoting a clearer understanding of what can be done and how best to do it.

In this spirit such a State conference is called by the two State-wide organizations which we represent, to be held in Louisville Tuesday and Wednesday, November 14-15. The subjects to be discussed will cover the field of Kentucky's needs. It is deemed to have in attendance the live, public spirited men of every county and city.

At our request the Louisville Convention and Publicity League will make all arrangements for the entertainment of the convention.

We are asking all County Judges, Mayors of cities and commercial and agricultural organizations to appoint a number of delegates, not less than five each, whose interest can be counted on, and whose advice will be valuable.

Geo. A. Coy, Owensboro, President Federation of Commercial Clubs.

J. W. Porter, Lexington, President State Development Association.

BIG VERDICT IN  
NIGHT RIDER CASEThos Menees Secured Judgment for \$15,000  
for Blowing up His Thresher.

Nashville, Tenn., Nov. 6.--The jury in the Robertson county night rider case, styled Thomas Menees vs. T. J. Mathews and others, returned Friday afternoon a verdict the plaintiff \$15,000 actual and \$13,500 punitive damages, or \$15,000 damages for the alleged destruction of a thresher belonging to Mr. Menees, and other injuries alleged to have been suffered by the plaintiff as a result of persecutions by the night rider organizations, of which it is claimed the defendants were members.

The case of Thos. Menees vs. T. J. Mathews and others were brought in the United States court 1 year ago, but was postponed to the present term. The cause of action, as stated, was the destruction of a thresher belonging to Thos. Menees about July 18, 1907, and other depredations which Menees claimed were of such a nature that he was compelled to move to Missouri. At the time of the explosion the thresher was on the farm of J. E. Woodruff, near Adams, where it had been taken shortly after moving it from Nashville.

## Hurt by Falling Trunks

Wallace Jones, age fourteen, son of Hays Jones, was badly injured at Morton's Gap Friday afternoon when he was caught beneath some trunks, injuring him severely. The injuries are not believed to be dangerous.

The truck at the depot, holding several trunks, was too close to the track and passenger train No 52 struck it and the trunks fell on the boy standing near plunging him to the ground. From last accounts he was getting along nicely.

## John D. Rockefeller Held as Plain Drunk

With five cents in his pocket and his clothing tattered and torn, John D. Rockefeller, a negro, was arrested at Brook and Jefferson streets last night in Louisville, by Corp. Kenealy and McGlyn. John D. was drunk. He was so drunk that it was necessary for the policeman to drag him along the street to the patrol.

Stationkeeper Dalton was astonished when the negro stated that his name was John D. Rockefeller, but as there was nothing else to do the "oil king's" name was placed on the slate and beside it was written the charge of drunkenness. When he was searched there was nothing in his pockets but a uddle and a screw driver. John D. requested the reporters to keep the matter quiet as he was well known throughout the country and did not want the affair published.

## WATER WORKS PROPOSITION

Carries in Madisonville by Big Majority

The water works proposition in Madisonville was carried by an overwhelming majority. The vote stood 755 for and 163 against the proposition.

## Gem of Ancient Architecture.

The Oratory of Gallarus, situated on the Dingle promontory in Kerry, is probably the oldest place of Christian worship in the United Kingdom. It is unique in its architecture, for it was built without mortar, and the arch was formed direct from the ground level by the peculiar placing of the stones. In the east gable is the only window in the building, while in the west is the small doorway. The building, which is now one of the national monuments of the Emerald Isle, has recently been restored to perfect condition.

## Game Called Off

The game of football between Hopkinsville and Madisonville team was called off Saturday on account of wet grounds. Madisonville wants Hopkinton to play there Thanksgiving Day, but the local team has arranged for a game at home that date, refusing to go to Paducah. It has been two years since there was a Thanksgiving game there.

## Goat's Milk Highly Valued.

There are scores of foreign writers and medical experts who advocate the use of goat's milk for infants and invalids. In fact there are sanitariums in France and Switzerland that give goat's milk a prominent place in their systems of care. The milk is specially recommended for infants because of its similarity in composition to mother's milk.

## Aid for the Invalid.

A stick of the right sort will help an invalid in many ways. It should be strong, yet light, with a stout iron hook on one end and a knob on the other. This will enable an invalid to adjust curtains, raise and lower shades and windows, push her rolling chair or move a screen, and aid herself in a variety of other ways.

## Silly Saying Still Lives.

The saying that fish is the best brain food comes of an old long tongue windbag years ago saying: "Thought is impossible without phosphorus." So a Swiss chemist, knowing that fish contained phosphorus, put two and two together and brought forth a saying that will never die.

## High But Not Too High.

"I suppose you wouldn't believe," said the manager, "that it cost me \$25,000 to raise the curtain of this show?" "I do," replied the critic. "I'm surprised that they let you do it even for that price."

## He Didn't Care

"Now, John!" cried Mrs. Prill in tones of exasperation. Prill continued removing his coat. Then he tossed it through the open window from the screened porch into the living room. Next he determinedly shed his vest, his collar and his tie, and with a relieved "Whew!" sank into the hammock. "You are perfectly maddening!" went on his wife when she had witnessed his deed. "How can you—?" Thud! Thud! Prill's shoes hit the porch floor as he kicked them off. Next he sighed with content. "If the McSloy's should come now—" tearfully began his wife. Prill raised himself in the hammock and spoke heatedly. "For four consecutive nights," said he, "I have sat on my own front porch in starved and melting agony, all for fear the McSloy's would call! I have worn a coat that was constructed by a fiendish tailor for arctic exploration work and a vest that originally started out in life as a mustard plaster. I have endured the glare of the lights from within the house which you insisted on keeping lighted so the McSloy's would know we were at home. I have choked to death up to a late hour because you wouldn't make any lemonade till you finally gave up hope of the McSloy's for that evening. Now I'm through!" "Why, the dumb animals in the parks are treated with more consideration by their keepers than I have been treated in my own home!"

"You might consider me a little!" retorted his wife. "You know perfectly well that Mrs. McSloy doesn't include every one in her calling list, and she is on the membership committee of that club I want to join, and Mr. McSloy runs out to the golf club in his machine Saturdays, and it would be splendid if he liked you and would pick you up sometimes, and I should think—" "I know you would, Cella," interrupted her emancipated husband in languid content from the hammock. "I know just what you would think, and I am going to spare you the recital, because the weather is far too hot for you to exert yourself by talking when you don't have to! I know your every little thought, darling! And somehow at this minute it wouldn't make a blithering bit of difference if King George himself in his coronation robes and with his crown tucked under his arm should walk up those front steps, I should rely on his common sense as a man to understand that nobody but a lunatic would keep on his coat and the trimmings if he didn't have to!"

"Men," observed Mrs. Prill agitatedly, "are the densest, stupidest, most selfish things! If you knew how it would make me feel if Mrs. McSloy should catch you looking like this you'd put on your coat and shoes and collar at once!" Mrs. McSloy always looks as though she had come out of a bandbox, and—

"She can go right back into a bandbox for all of me!" persisted Prill, airily. "I'd have you understand that I'm just as good as the McSloy's! And all their relations! This today makes me tired! Isn't this my own house? Why should I have to consult McSloy about my wearing apparel? You'll be wanting me to telephone him to ask whether I shall wear my blue pajamas or my pink ones! If Mrs. McSloy's delicate constitution can't stand the shock of seeing a man without a collar, I don't think I'd bother about knowing her if I were you!"

"Their first call, too!" mourned Prill. "And first impressions count so!" "Fudge!" said Prill. "You are the slave of conventions—" "John!" blazed his wife, as she sprang to her feet. "There are the McSloy's!"

An automobile was chugging slowly down before the house. Then came the sound of a large body heaving and scrambling. Prill tumbled out of the hammock. He hurried through the open window into the living room, in whose dark fastnesses reposed most of his wearing apparel. As he disappeared there was a crash. He had overturned the fernery.

"Throw in my shoes!" he called softly. There was a bang and a growl as he bumped against a rocking chair. Something tore as he struggled with his vest. When he groped for his coat he had encountered a corner of the "ano. Finally, gasping, breathless, with his vest upside down and his collar twined in weird convolutions under one ear, Prill desperately ventured out on the front porch to meet the McSloy's. "John," said Mrs. Prill when he appeared. This is the agent for the new refrigerator I was telling you about—be thought he'd find you at home if he came in the evening!" "What are you giggling about?" growled her husband. "I was just going to put on my things, anyhow—I think the weather's turning cooler!"

The Usual Result. "Just because the De Fagues found their butler celebrating the anniversary of his wedding, they discharged him." "I suppose they thought since he was loaded, the proper thing to do was to fire him."

Archaeological researches made at a spot some 20 miles from Kara, Russia, have brought to light a completely intact stone fortress of prehistoric date. The masonry of the primitively designed forts and bastions is somewhat roughly, but extremely well laid. Among the many and various objects found are quite a number of well-preserved figures of heathen gods, mostly in animal forms and in a kind of hard-baked potter's clay.

## SHARP, STABBING PAINS

Generally Tell of Sick Kidneys—An Earlington Resident Shows You the Cure

The sharp twinges of pain in the small of the back that strikes you after any sudden twist or awkward motion, tells of weak, sick kidneys. Early signs of weakened kidneys are: backache, lame back, sharp, darting pains, dizzy spells, tired-out state, despondency. And there are usually disturbances of the urine—too frequent urination, scalding or burning pain during passage, discolored urine and sediment.

Doan's Kidney Pills are prepared especially for sick, weakened kidneys, backache and urinary disorders—have cured thousands of such cases. Doan's are endorsed throughout the civilized world—are recommended by Earlington residents.

John Franklin, Earlington, Ky., says: "For three years my kidneys were disordered. When I stooped or lifted, sharp twinges darted through my loins and there was an almost constant pain in the small of my back. I tired easily, frequently suffered from headaches, and was also bothered by dizzy spells. I was caused additional annoyance by too frequent passages of the kidney secretions, it being necessary for me to arise several times during the night. I finally procured Doan's Kidney Pills and received such prompt relief from their use that I continued taking them until I was completely cured. I cannot recommend Doan's Kidney Pills too highly."

Occupation Not Overcrowded. In a period when many business and professional men complain of unusual dullness in their various callings it is pleasant to record that one occupation diligently followed by many persons of both sexes is at its height. We refer to the business of minding other people's business.

## Scotch Dog's Business Instinct.

Left one night on Wagonfire mountain with 3,086 sheep by the death of John Sagoday, her master, one female shepherd dog two weeks later delivered to Manuel Saunders, owner of the sheep, 3,085 of the animals, having lost only one during two weeks of privation. The dog's achievement was carried out despite the fact that she was the mother of puppies only a few days old when her master died.—From Our Dumb Animals.

## SICKLY CHILD

Made Well By Vinol—Letters from a Grateful Mother

New Haven, Conn.—"My little girl, ever since her birth, was frail and sickly and nothing seemed to do her any good until we tried your cod liver and iron tonic, Vinol. As soon as she commenced to take it, I noticed an improvement in her health and appearance. She has now taken three bottles of Vinol, and from the good it has done her I can say it will do all you claim for it in building up and strengthening frail and delicate children." (Name furnished on request.) "Another mother of Chicago, Ill., writes: 'I can not say too much in praise of Vinol for delicate, ailing children.'"

We ask every mother of a frail, sickly or ailing child in this vicinity to try Vinol on our agreement to return their money if it does not do all we claim.

# Last Chance, Last Call

This stock has got to go, all of it, yes, every bit of it. We don't intend to move it, if we have to give it away. We can afford to give the balance away if we have to. Yet there are thousands upon top of thousands of dollars worth of merchandise left and they are the cream of the stock. We have decided to continue this sale until Christmas eve night at midnight. After that time we hope to not have a garment of this stock left in this building, and if you will only come to see us you will get bargains during the remainder of November and December never before heard of.

## Sale Begins Saturday, November 4, at 9 O'clock a. m.

This is a bargain event that will surpass anything ever before attempted in value giving in Earlington. Read on, read every line. A master movement in underpriced merchandise dwarfing all other events, eclipsing all other sales. Stop a moment and ponder, and you will realize what it means. Right now when you are compelled to purchase Fall and Winter Clothing for yourself and family, and the merchants are demanding the highest prices and largest profits, this opportunity comes to you. Do you like blunt truth or fairy stories? We trust that you who read have long since learned that noise is not business. **Money must be raised to pay our outstanding claims.** Consequently we have adopted drastic measures to assure an immediate clearance in which prices are trampled from their pedestals and all the season's most choice merchandise is offered on the alter of necessity. It's our loss and your gain. Now is the golden opportunity. Never before, maybe never again will such golden opportunities be presented to you.

### Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

### Pony vs. Horse Intelligence.

I have been asked a great many times if ponies are really more intelligent than full-sized horses. They certainly appear to be. But the intelligence of any horse will develop under petting and human companionship, and there is no doubt that other horses, if given the same privileges that ponies enjoy and if their size admitted of their being handled and managed in the same way, would prove equally intelligent.—Outing.

### Their Particular Sin.

A school for poor children having read in their chapter in the Bible the denunciations against hypocrites who "strain at a gnat and swallow a camel," were afterwards examined by the benevolent patroness, Lady—, as to their recollection of the chapter. "What, in particular, was the sin of the Pharisees, children?" and the lady, "Ating camels, my lady," was the prompt reply.

### England the Pioneer.

The manufacture of cotton seed products on a commercial scale had its beginning in England, and as late as 1870 that country, with an annual crush of 200,000 tons, was the leading cotton seed-oil producing country in the world.

### How About It?

It may also be true that the rolling moss gathers no rocks.

### A "Commercial" Smile.

A London haberdasher instructs his clerks after this fashion: "Our employees are reminded that while serving customers they are expected to wear a commercial smile." The phrase is a valuable contribution to the literature of the subject. The "commercial smile" is the kind that has no heart in it.

### A Lead Pencil Danger.

In the United States the danger of putting pencils in the mouth has long been recognized, and in all the schools every precaution is taken to prevent the interchange of pencils as well as the moistening of them with the lips. A great many children and even their elders, who ought to know better, persist in putting pencils in their mouth regardless of the risk they run.

### Had a Protest Coming.

"Ethel," said Mr. Brown, "I want you to give that young man of yours a little message from me." "Yes, father," said Ethel, blushing. "Tell him that your mother and father don't object to big gas bills, but they object to his carrying the morning paper away with him when he leaves."—Tit-Bits.

### Authors Not Posted.

Wills have often proved a stumbling block to the novelist. One flagrant case may be mentioned. A popular writer causes an old aristocrat to have his "last will and testament" witnessed by his butler and his housekeeper, yet he makes them both benefit under it. By so doing he rendered the will invalid. But the author did not know it.

### Importance of Typewriter.

The typewriter ranks as one of the most important inventions of the last half a century in the promotion of business and the spread of intelligence. Like the telephone, sewing machine, automobile, etc., its loss would cause the world to slow down a bit.

### Something All Have Noticed.

The only people with whom it is a joy to sit silent, are the people with whom it is a joy to talk.

### Made Woman's Opportunity.

American typewriters are sold all over the world. Millions are in use. Nothing else that has been invented has been so potent in affording business opportunity for women. It was after she had entered business as a typist that woman began to branch out into other lines of endeavor.

### Trouble With Ladies' Watches.

"We always have a vast deal more trouble with women than with men about the watches they carry," said a jeweler. "No matter how expensive a lady's watch or how correctly made it seems to need regulation and repair about twice as often as a man's watch. Of course most women forget to wind their watches, but aside from that they wear them so irregularly that the watch has the same environment about three days in seven."

### Appendix a Waste Basket.

One of New York's biggest scientific surgical choppers has often found toothbrush bristles in a patient's appendix. Two hours after midnight yesterday he operated on a man almost at the point of death, taking out the appendix, which was as big as a deerfoot sausage. In it was a pin all crusted over. For some people the appendix seems to be a waste basket palm!

### Real Victors in Life.

There are people, like the Apostle Paul, whose lives have been battered and twisted, but whose spirits are radiant as the sun. You will listen in vain for wallings or complaints. These are the victors in life and lifters of the common load that humanity carries.

### Bees Preempted Letter Box.

A surprise awaited a rural postman the other day when he set about collecting letters from a box at Alketgate, near Armanthwaite, Cumberland, England. He found it occupied by a swarm of bees, which made him beat a retreat. Later in the day a gentleman accustomed to bees succeeded in getting them away.

### Shark Hatched in Captivity.

For some time a shark's egg in the Glasgow (Scotland) Aquarium has been watched from day to day. It hatched a few days ago, an event unique in many respects. The tiny shark seems quite at home, and is not a bit shy of the numerous visitors who have crowded to see it.

### Dangerous Experiment.

A Brooklyn woman wants the courts to grant her a two years' separation from her husband, so that he may try to win her back. She is taking a dangerous chance. A man who makes it necessary for his wife to take such a step would be just mean enough not to try to win her back.

### Everything Put Right.

"Father, the duke has proposed, and we want to be married immediately." "All right. Here's a check for your million. Tell the duke to step in and I'll give him a dollar to get the license."—Louisville Courier-Journal.

### Good Reasons.

"Yet they say the widower, who has just got married again, was all broken up when his first wife died." "Then if he was all broken up, that was a good reason why he should be repaired."—Baltimore American.

### No Kick Coming.

"Some say there is a sucker born every minute." "I don't know anything about that," responded the eminent trust magnate. "I cater to ultimate consumers and the birth rate is very satisfactory as to them."

### She'd Keep It Dark.

Gerald—If I were to kiss you would you tell your mother? Geraldine—I'm no bureau of publicity.

### A Grim Reminder.

"Doctor," said the desperate heavy-weight, "give me something to make me weigh less." "That sort of thing merely makes you dangerously ill." "I don't care if it does." "Very well. But I can't see why you should go to all that trouble merely to make labor a little lighter for your pallbearers."

### Where Glass Eyes Are Made.

Glass eyes are made principally in Lauscha, a German town 20 miles from Coburg. The trade is flourishing, with constant improvements of value, though in minor details. As in many occupations in Europe, the artisans band down their acquired knowledge and skill to younger members of the same family.

### Sublime and Ridiculous.

We like fine writing when it is properly applied; so we appreciate the following burst of eloquence in a contemporary: "As the ostrich uses both legs and wings when the Arabian courser bounds in her rear—as the winged lightning leaps from the heavens when the thunderbolts are loosed—so does a little negro run when a big dog is after him."

### Preserve for Salt Water Fish.

Bermuda will soon have a salt water fishing preserve covering an area of about five square miles. It will be made by constructing a sill of concrete across the single narrow opening which unites Harrington sound with the ocean, and fixing a screen to prevent the exit of fish.

### Do; Don't Talk.

Just do a thing and don't talk about it. This is the great secret of success in all enterprises. Talk means discussion; discussion means irritation; irritation means opposition, and opposition means blindness always whether you are right or wrong.—Sarah Grand.

### Defective Optimism.

Down in the Thousand Islands district there is published a paper called the Optimist. An Evanston man who was in the Optimist's office, the other day, writes to us that on one of the walls of the sanctum this notice was displayed: "No credit extended here."

### Memory Training for Witnesses.

It has been suggested that it would be a good plan for courts to enforce a loss of memory cure upon a large number of the witnesses who make their appearance in some of the big cases. Perhaps the correspondence schools would make a reduction for job lots and cut down on the fee.

### Perhaps.

A Pennsylvania woman 99 years old is recovering from an operation for appendicitis. Perhaps she has lived so long that her table of contents is sufficient without any appendix.—Troy Times.

### Rule for Success.

Having begun in one line, resolve to fight it out on that line, to lead in it; adopt every improvement, have the best machinery, and know the most about it.—Andrew Carnegie.

### Rich Woods Put to Base Uses.

Rosewood and mahogany are so plentiful in Mexico that some of the copper mines there are timbered with rosewood, while mahogany is used as fuel for the engines.

### Unwise Extremities.

Avoid such extremes as a hot head and cold feet.—Brains.

**As You Go.**  
"Clear up as you go" is an excellent text to work by—a parallel to "Never put off till tomorrow," etc.—and one that many a mother would do well to keep over before her and live up to. It is the putting-off habit that leads to accumulations, to hurry, and, consequently, to badly done work. If clothes need repairing, let them be repaired at once; if things are out of their proper places, put them back again, where they ought to be; before they are irretrievably lost.

**Man Has No Choice.**  
The reason a man should marry a woman who is his superior is because he will have to if he marries at all.—Galveston News.

**Pork Favorite Chinese Food.**  
The Chinese eat little or no beef. The beef consumed in the empire is chiefly the food of foreigners. But the natives are exceedingly fond of pork and consume vast quantities of it. Not only is the native article an excellent grade, but Chinese pork is retailed at a price far lower than the mere cost of production in this country. American pork could not compete with that of China, even if there were no question of transportation.

**Historic Retributions.**  
Haman devised a gallows 50 cubits high for Mordecai in the days of King Ahasuerus. But on this towering gibbet Haman himself was hanged. The bishop of Verdun contrived an iron cage, too small to allow a person confined within it either to stand upright or to lie at full length, for the torture of heretics. The bishop of Verdun himself was the first victim to suffer such a cage.

**To Repair a Map.**  
A god preparation to use in replacing the pieces which have fallen off the cotton of the map may be made as follows: Beat up a paste of rye flour and add to it good glue in proportion of one-quarter the weight of the flour. Mix well; spread lightly on the cotton, and carefully affix the torn pieces.

**Saith the Cynic.**  
Character is like money; when you have a great deal, you may risk some; for, if you lose it, folk will still believe you have plenty to spare.

**Cotton Supplants Poppies.**  
In some parts of China cotton is supplanting poppies as a crop, because of the rigid laws against the use of opium.

**Golden Opportunity.**  
A stranger passed through our show street the other evening and heard our popular youth and beauty in the strenuous warble of "Gladstone song." He was much impressed, and later, in lauding the town to ye editor, he said that he didn't know of a place on earth where there was such a golden opportunity for a good music teacher.—Hedge Corners Herald.

**Fate of Majority.**  
One million patents have been issued in this country, most of which have served no other purpose than to put the inventors' money in circulation.—Chicago Tribune.

**Desired the Dog to Desist.**  
Judge Stevens had a slight hesitation in his speech, but that affliction did not prevent his using long words. One morning his dog Snip got into a fight with another dog. Tapping him with his cane, Judge Stevens exclaimed: "D-d-d-dis-con-t-t-t-inue!"—Success.

**Do One's Best.**  
We cannot avoid meeting great issues. All that we can determine for ourselves is, whether we shall meet them well or ill.—Theodore Roosevelt.

**Queer Physical Facts.**  
Matters in geography and physics appear to get a little mixed at times. The mouth of the Mississippi is several miles farther from the center of the earth than its source, so that it actually runs uphill. Also the eastern end of the Panama canal is further west than the western end. It sounds like a "bull," to be sure, but for all that it is a fact.

**Where Honesty Predominates.**  
The most honest persons in the world are said to be residents of the vicinity of Ticino, in Switzerland. They will not touch anything which is not their own except to care for it, and lost articles are generally allowed to remain, where found or in the immediate vicinity, awaiting the return of the owner.

**Error Always a Harm.**  
To free a man from error is to give, not to take away. Knowledge that a thing is false is a truth. Error always does harm; sooner or later it will bring mischief to the man who harbors it.—Schopenhauer.

**Short but Active Lives.**  
The working bee lives six months the drone four months and the queen bee four years.

**Will Raise Oposums.**  
One farm exclusively for oposums has been started in Gippsland, Victoria, which comprises two thousand acres of eucalyptus bush land. Another farm comprising five hundred acres has been started in southern Tasmania and another of 150 acres in New South Wales.

**Powers Wasted.**  
"As a rule, men habitually use only a small part of the powers which they actually possess, and which they might use under appropriate conditions."—William James.

**Worry Don't Help.**  
There is no crying need to carve their own way to undying fame or sink into oblivion despite what we may say in praise or blame.

**Still Possible.**  
In spite of the many associations, societies, guilds, bunds, organizations and clubs that exist in this country, it remains possible occasionally to find a man who has never had to learn parliamentary rules in order to act as a chairman.

**Builds Hopes on Sand.**  
He that waits upon fortune is never sure of a dinner.—Benjamin Franklin.

**Positively Rude.**  
A rich woman from New York angrily declined to become a patron of a Los Angeles hotel when she was informed that her doggie would not be permitted to receive massage treatments in the barber shop. Aren't some hotelkeepers independent!

**Instead of Liquid Antiseptics or Peroxide**  
many people are now using

**Paxtine Toilet Antiseptic**  
The new toilet germicide powder to be dissolved in water as needed. For all toilet and hygienic uses it is better and more economical. To cleanse and whiten the teeth, remove tartar and prevent decay. To disinfect the mouth, destroy disease germs, and purify the breath. To keep artificial teeth and bridgework clean, odorless. To remove nicotine from the teeth and purify the breath after smoking. To eradicate perspiration and body odors by sponge bathing. The best antiseptic wash known. Relieves and strengthens tired, weak, inflamed eyes. Heals sore throat, wounds and cuts. 25 and 50 cts. a box, druggists or by mail postpaid. Sample Free. THE PAXTON TOILET CO., Boston, Mass.

## Every Dollar of an Ad Reader's Money is Above Par

Frequently Its Buying Power is Actually Doubled

¶ Your dollars vary in value as they vary in purchasing power. The man or woman who studies advertisements is able, frequently, to make one dollar do the usual work of two. ¶ And the experienced reader of advertisements will *always* make a dollar command a premium—make it buy *more* than a dollar's worth, as figured on "ruling prices" of things. ¶ How much "above par" are the dollars in your pocket worth? It will depend on how closely you study the buying opportunities outlined in the store ads

**Not Always.**  
It is not always safe to decide that a man has passed the age of usefulness merely because his 15-year-old son can beat him at golf.

### A Texas Wonder

The Texas Wonder cures kidney and cures diabetes, weak and lame backs, rheumatism, and all irregularities of bladder troubles, removing gravel, the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggists will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for testimonials from Ky. and other states. Dr. E. W. Hall, 2926 Olive street, St. Louis, Mo. Sold by druggists.

**Prevented Sale of Wife.**  
John Tower endeavored to sell his wife, Elizabeth, at auction in London in June, 1817, but the authorities prevented the sale.

**You Can Eat Anything.**  
Eat what your stomach craves without the slightest fear of indigestion, which is an awful feeling. You will not be bothered with Sour Stomach, Heartburn, Nausea, Bad Breath or Heavy Feeling if you will take one dose of Digesteze. It relieves and cures as if by Magic. Pleasant as Candy. Relief in one minute. Get a 50c bottle from the drug department of the St. Bernard Mining Company, Incorporated.

**Doth Protest Too Much.**  
"Do man dat 'talks about hisse'f an' how honest he is," said Uncle Eben, "allus sounds like he was runnin' kind o' short o' references."

A lazy liver leads to chronic dyspepsia and constipation—weakens the whole system. Doan's Regulator (15 cents per box) corrects the liver, tones the stomach, cures constipation.

**Make the Best Use of It.**  
It is useless to desire more time, if you are already wasting what little you have; for you would only grow more indolent and indifferent.—White's Class Advertising.

**You Need Stationery.**  
Nothing gives an individual or a firm standing in the business world like nice stationery neatly printed. The Semi-Weekly Bee job department keeps constantly on hand a fine line of letterheads, noteheads, billheads, statements and envelopes, both linen and commercial. We also do circular, invitation and catalogue work. Give us a trial. You will be pleased.

**Different.**  
Willie—"Did the doctor make you take nasty medicine when you were sick?" Freddie—"No; it was father who made me take it."—Judge.

### Suffered Twenty-one Years ---Finally Found Relief

Having suffered for twenty-one years with a pain in my side, I finally have found relief in Dr. Kilmer's Swamp-Root. The physicians called it "Mother's Pain" and injections of morphine were my only relief for short periods of time. I became so sick that I had to undergo a surgical operation in New Orleans, which benefited me for two years. When the same pain came back one day I was so sick that I gave up hopes of living. A friend advised me to try your Swamp-Root and I at once commenced using it. The first bottle did me so much good that I purchased two more bottles. I am now on my second bottle and am feeling like a new woman. I passed a gravel stone as large as a big red bean and several small ones. I have not had the least feeling of pain since taking your Swamp-Root and I feel it my duty to recommend this great medicine to all suffering humanity. Gratefully yours, MRS. JOSEPH CONSTANCE Avoyelles Par. Marksville, La. Personally appeared before me, this 16th day of July, 1911, Mrs. Joseph Constance, who subscribed the above statement and made oath that the same is true in substance and in fact.

WM. MORROW, Notary Public.

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

**Prove What Swamp-Root Will do for You.**

Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When writing, be sure and mention the Earlington Semi-Weekly Bee. Regular fifty cent and one-dollar size bottles for sale at all drug stores.

**Trained to Use Both Hands.**  
The children of Japan are trained as ambidexters, using both hands equally well.

Regulate the bowels when they fail to move properly. HERBINE is an admirable bowel regulator. It helps the liver and stomach and restores a fine feeling of strength and buoyancy. Price 50c. Sold by St. Bernard-Mining Co., Drug Department Incorporated.

**Daily Thought.**  
Dare to be what you are, and to learn to resign with a good grace all that you are not and to believe in your own individuality.—Amiel.

To Freshen Gas Mantle.  
Carbon deposits which blacken a gas mantle can be removed by burning a little common salt on the burner.

**Lively as a Boy.**  
If you are tired, run down, have no appetite, get a bottle of Yucatan Chilli Tonic. A few doses will set you up—give you a boy's appetite—make you strong and lively as a twelve-year-old. Purifies the blood and strengthens the system. 50c a bottle at the St. Bernard Mining Co., Incorporated, Drug Department.

**Keeping the Balance Even.**  
Nine times out of ten the woman who is worth her weight in gold marries a man who isn't worth his weight in scrap iron.

**Good Position.**  
DRAUGHON'S courses of institution and facilities for securing positions are more strongly indorsed by business men than those of any other business college. For catalogue, address Draughon's Practical Business College, Nashville, Tenn.

**What He Escaped.**  
A 30-year convict in a southern state heard the telephone the other day for the first time. This may be called pathetic, but think what tortures he has missed by not having to wait in drug stores.—Keene Sentinel.

Chilblains, frosted feet or hands, can be cured with one or two applications of BALLARD'S SNOW LINIMENT. It quickly relieves itching or tenderness of the flesh. Price 25c, 50c and \$1.00 per bottle. Sold by St. Bernard Mining Co., Incorporated Drug Department.

**Overlooked.**  
We wish to make some mark in life. We turn to the distant and far away, when, indeed, the things for us, the things to make our marks upon, the things to do with, grow by, to let us into the desired happiness are the little ones lying just here about our daily path—the overlooked things next to us.—J. E. Ware.

**The Difference.**  
The hen never drinks without looking up, whereas when men drink they can't look up.—St. Paul Dispatch.

**British Capital for Turkey.**  
Gold, iron, copper, sulphur, coal, chrome, etc., are known to exist in different parts of the Turkish province of Hodeidah, which, in the opinion of the British consul there, will be thrown open to foreign exploitation in the near future, especially after the proposed railway is completed. This may, in time, provide an opening for British enterprise.

**A Household Medicine**  
That stops coughs quickly and cures colds is Foley's Honey and Tar Compound. Mrs. Anna Pelzer 2526 Jefferson St., So. Omaha, Neb., says: "I can recommend Foley's Honey and Tar Compound as a sure cure for coughs and colds. It cured my daughter of a bad cold and my neighbor, Mrs. Benson, cured herself and her whole family with Foley's Honey and Tar Compound. Every one in our neighborhood speaks highly of it." For night coughing, dryness and tickling in the throat, hoarseness and all coughs and colds take Foley's Honey and Tar Compound. Contains no opiates. Always in a yellow package. Sold by St. Bernard Mining Co., Incorporated, Drug Department.

**Daily Thought.**  
For the best and sweetest is not a matter of circumstances; it is not even success and love. It is being in tune.—Anna Fuller.

**Saved Child From Death**  
"After our child had suffered from severe bronchitis trouble for a year," wrote G. T. Richardson, of Richardson's Mill, Ala., "we feared it had consumption. It had a bad cough all the time. We tried many remedies without avail, and doctor's medicine seemed as useless. Finally we tried Dr. King's New Discovery, and are pleased to say that one bottle effected a complete cure, and our child is again strong and healthy." For coughs, colds, hoarseness, lagrippe, asthma, croup and sore lungs, its the most infallible remedy that's made. Prices 50c and \$1.00. Trial bottle free. Guaranteed by all Druggists.

**Too Much Taffy is Bad.**  
It is not good to eat much honey; so for men to search out their own glory is grievous.—Proverbs of Solomon, xxv:27.

Dures baby croup. Willie's daily cuts and bruises, mamma's sore throat, grandma's lame ness—Dr. Thomas' Electric Oil—the great household remedy.

**Roasted Victim Alive.**  
An almost unbelievably cruel happening has come to light at Hiroshima, Japan. There a man and his wife have been arrested for willfully cremating a live man. The prisoners were in charge of a crematorium, and while at work a faint voice coming out of a coffin begged for fresh air. The couple took no notice, however, and proceeded to apply fire, roasting the man alive.

**I am pleased to recommend Chamberlain's Cough Remedy as the best thing I know of and safest remedy for coughs, colds and bronchial trouble," writes Mrs. L. B. Arnold, of Denver, Colo. "We have used it repeatedly and it has never failed to give relief." For sale by all Dealers.**

**Bound to Get Even.**  
A 14-year-old French boy, angered the other morning at being awakened too early by his mother, revenged himself by breaking up the furniture in his room, afterwards mounting to the roof of the house and throwing tiles at the people below.

**The Right Kidney Medicine.**  
J. E. Parker, 2021 No. 10th St., Ft. Smith, Ark., says that he had taken many kinds of kidney medicine, but did not get better until he took Foley's Kidney Pills. No matter how long you have had kidney trouble, nor at what stage of the permanent benefit by the use of Foley's Kidney Pills. They also regulate the action of the urinary organs. Start taking them now. Sold by St. Bernard Mining Co., Incorporated Drug Department.

**Sign of Wealth.**  
"That author must be very prosperous." "What makes you think so?" "They say he makes notes on his shirt cuffs. Only a prosperous man could afford the laundry bills."

**It Startled The World**  
when the astounding claims were first made for Bucklin's Arnica Salve, but forty years of wonderful cures have proved them true, and everywhere it is now known as the best salve on earth for Burns, Boils, Scalds, Sores, Cuts, Bruises, Sprains, Swelling, Eczema, Chapped hands, Fever, Sores and Piles. Only 25c at all Druggists.

**When to Relax.**  
Dr. Eugenia Hancock of New York says a woman should "positively relax during the noon hour." With the children demanding lunch, the telephone ringing, the grocery boy at the back door and an Armenian lace peddler at the front, not to mention the neighbor running in to borrow the lawn mower, this is very easy, of course.

**Is The World Growin' Better**  
Many things go to prove that it is. The way thousands are trying to help others is proof. Among them is Mrs. W. W. Gould, of Pittsfield, N. H. Finding good health by taking Electric Bitters, she now advises other sufferers, everywhere, to take them. "For years I suffered with stomach and kidney trouble," she writes. "Every medicine I used failed till I took Electric Bitters. But this great remedy helped me wonderfully." They'll help any woman. They're the best tonic and finest liver and kidney remedy that's made. Try them. You'll see. 50c at all Druggists.

**Blind Man Invents Musical Instrument**  
An exhibition of a new invention will be given this afternoon at the reading room and library for the blind by Joseph Gannon, a man who is blind. The invention is a new harp with violin attached, and the strings of both are set on the same board, which is above instead of below, as in ordinary harps.—San Francisco Call.

There is little danger from a cold or from an attack of the grip except when followed by pneumonia, and this never happens when Chamberlain's Cough Remedy is used. This remedy has won its great reputation and extensive sale by its remarkable cures of colds and grip and can be relied upon with implicit confidence. For sale by all Dealers.

**The Hotel Booklet.**  
I like to read in little books of grassy lawns and shady nooks and sandy dunes and purring brooks, but then I take a peek a little further on and see that all this joy is far from free, and that's the painful part to me—that third plunk per week.—Washington Herald.

**Life of the Silver Fir.**  
Silver firs sometimes live 420 years.

### Loving Friends.

Never cast aside your friends if by any possibility you can retain them. We are the weakest of spendthrifts if we let one drop off through inattention, or let one push another away, or if we hold aloof from one through petty jealousy. Would you throw away a diamond because it scratched you? One good friend is not to be weighed against the jewels of the earth.

### A Mail Carrier's Load

Seems heavier when he has a weak back and kidney trouble. Fred Duehren, Mail Carrier at Atchison, Kansas says: "I have been bothered with kidney and bladder trouble and had a severe pain across my back. Whenever I carried a heavy load of mail, my kidney trouble increased. Sometimes ago, I started taking Foley Kidney Pills and since taking them I have gotten entirely rid of all my kidney trouble and am as sound now as ever." Foley Kidney Pills are tonic in action, and quick in results. Try them.

### Too Busy to Run.

Anne was not very well, and found walking with her vigorous mother hard work. Mamma, however, was pressed for time, and presently hurrying ahead, called to the struggling, panting little girl to run. From a little distance behind her came the breathless protest: "I can't run, mother. You'll just have to wait for me. I'm so busy walking that I can't run."

For pains in the side or chest dampen a piece of flannel with Chamberlain's Liniment and bind it on over the seat of pain. There is nothing better. For sale by all Dealers.

### Pretty Sure.

If a man who has a product of his own to sell can continue to think well of it after he has interviewed two or three people who are trying to keep him from finding out that they really want to buy it, he is pretty sure to possess the elements of success.

### Avoid All Evasion.

Evasions are employed either to avoid speaking the truth or performing a good action. Hence, a lover of the real and true, as well as the tender-hearted and benevolent, hold them in direct and unspeakable abhorrence.

In damp, chilly weather there is always a large demand for BALLARD'S SNOW LINIMENT because many people who know by experience its great relieving power in rheumatic aches and pains, prepare to apply it at the first twinge. Price 25c, 50c and \$1.00 per bottle. Sold by St. Bernard Mining Co., Incorporated Drug Department.

### As He Understood It.

A Portobello (Scotland) schoolboy has produced the champion howler of the season. The passage for paraphrase was from Kingsley: "For men must work and women must weep, though storms be sudden and waters deep, and the harbor bar be moaning." "Men and women," said the youngster, "must keep on working though the inn at the harbor is groaning for its customers."

### Coughing at Night

Means loss of sleep which is bad for children and hard on grown persons. Foley's Honey and Tar compound stops the cough at once, relieves the tickling and dryness in the throat and heals the inflamed membranes. Contains no opiates and is best for children and delicate persons. Refuse substitutes.

Sold by St. Bernard Mining Co., Incorporated, Drug Department.

Can't Make the World Believe It. Experience proves that more satisfaction can be got out of the mind of other people's business than by any other plan.—Sheffield (Ala.) Standard.

### Smile.

There is no "thank you" genuine without the signature of a smile.—Columbus (O.) State Journal.

### A Turtle Story.

While excavating for a cellar a few days ago at Bloomfield, N. J., the workmen came upon the skeleton of a horse and two live turtles eight feet underground. The place was formerly a mill pond, and was filled in with dirt in 1850. It is supposed the horse was in the pond at the time of the filling and that the turtles consumed the flesh of the animal.

Chamberlain's Stomach and Liver Tablets do not sicken or gripe, and may be taken with perfect safety by the most delicate woman or the youngest child. The old and feeble remedy for aiding and strengthening their weakened digestion and for regulating the bowels. For sale by all Druggists.

### The Last Word.

"What's the first word in the dictionary?" asked the student. "The article 'a' of course," replied Mr. Growcher. "And what's the last word?" "Ask my wife. She's an expert on the subject."

Children who have worms are pale, cross, fretful and sickly most of the time. To rid the little body of these parasites, WHITE'S CREAM VERMIFUGE is an approved remedy. When the worms have been driven out the child grows strong, healthy and robust. Price 25c per bottle. Sold by St. Bernard Mining Co., Incorporated, Drug Department.

Thief Restored Sacred Objects. The precious stones removed and taken away from the tabernacle in the new church, Claremorris, Ireland, some months ago, have been returned by a registered letter. The act of restitution was the cause of much satisfaction, as the stones were rare and costly.

### Very Serious

It is a very serious matter to ask for one medicine and have the wrong one given you. For this reason we urge you in buying to be careful to get the genuine—

**THE DRUGS  
BLACK-DRAUGHT  
Liver Medicine**

The reputation of this old, reliable medicine, for constipation, indigestion and liver trouble, is firmly established. It does not irritate other medicines. It is better than others, or it would not be the favorite liver powder, with a larger sale than all others combined.

### How to Get Votes

Votes on the Automobile will be given with every cash purchase made at the store of any member of the club. 100 votes for every dollar's worth purchased. NOW IS THE TIME TO GET BUSY. The earlier you start the more advantage you will have in the final count. Remember, the object of this contest is to get business. We are going to give this fine Auto to the person who will accumulate the greatest number of votes, therefore it is to the interest of every contestant to ask their friends and neighbors who buy their Dry goods, Clothing, Shoes, Hats and everything they get from members of the Club and save the coupons for you. Thus, the contestant who gets the greatest number of friends who trade here and give them their coupons, will receive the greatest number of votes.

### How to Get Votes

With every yearly subscription to The Earlington Bee, accompanied by \$1 in cash, 3,000 votes will be given. This applies to back subscriptions as well as new subscriptions, and you can pay for as many as you desire. You can also get votes on job printing and advertising—100 votes for each dollar paid on either job printing or advertising. Get your friends to give you the votes when they pay any of their accounts. But the best way to get votes is to secure subscriptions to The Bee, as the schedule of votes is so much greater for subscriptions than for anything else. You will be surprised how easy it is to get subscriptions to The Bee if you try.

#### Careful.

Old Fashioned Party (with old fashioned prejudices)—Ah, very clever, I dare say. But I see it's written by a lady, and I want a book that my daughters may read. Give me something else!—Punch.

#### Mele Toad's Share of Burden.

After the eggs of the midwife toad have been laid and fertilized the male winds a string of them around his hind legs, retires to a burrow for three weeks and then deposits them in a pool, where they are hatched in the usual way.

#### Special Privilege.

"Isn't it against the law to be loud and boisterous in the street?" "It is," replied Mr. Chuggins, "unless you do so with a mechanical screecher attached to a motor car."

#### Vast Wealth Wasted.

According to the American Machinist, it has been estimated that there is lost annually more than a million and a half barrels of oil by the burning of oil wells.

#### Uncle Eben.

"De man who is allus talkin' about ingratitude," said Uncle Eben, "is ginerly one o' dem folks dat can't lend a helpin' hand wifout lookin' foh interest."

Glasses to Be Numbered.  
The glasses used in Hungarian cafes were numbered in the near future as a means of preventing the spread of disease by the promiscuous interchange of drinking glasses.

#### No Exception.

Nothing, humanly speaking, is perfect, not even the frights which the fashions make some women look.—Puck.

#### Value of Words.

Words are wise men's counters—they do not reckon by them; but they are the money of fools.—Thomas Hobbes.

#### All is Vanity.

"This is a very fine dog, ma'am, and cheap at the price," said the dealer. "I've no doubt of it," she replied; "but I don't care to buy him until I'm sure he matches my new gowns."—Judge.

#### Knows Not Wisdom.

A man who does not know how to learn from his mistakes turns the best schoolmaster out of his life.—Beecher.

Holly Four Centuries Old.  
Germany has a specimen of holly 10 years old.

**His Day of Fate.**  
An odd story of a dream of 11-omen comes from Sunderland, Durham, England. A young shipyard laborer dreamed that he would be killed, and therefore he did not go to work in the morning. In the afternoon he went to bathe in the River Wear, and getting into deep water was drowned before help could reach him. The efforts of his companions to save him were unavailing, through the swiftness of the current.

#### Some Old Human Nature.

From the fresco paintings of women in Cretan palaces of the period about 2000 B. C. it is learned that the women of that time plucked in their waists, had flounced or accordion plaited skirts, wore an elaborate coiffure on their heads, shoes with high heels and hats which might have come from a Parisian hat shop, while one woman might be described as wearing a jupe culotte.

#### Process Must Be Slow.

Apples and potatoes when frozen can be restored in good condition if they are thawed slowly. But when thawed rapidly they become flabby and soon decay. The carpets and other covering we place over plants in winter do not prevent their freezing and thawing, but they do prevent their freezing and thawing too quickly. Hence the benefit.

#### A Hare's Daily Sea Bath.

A hare which had made a daily practice of swimming in the sea at Cleve, to the delight of visitors, has been captured by some local fishermen in a boat. They chased the animal seaward for 300 yards before they came up with it. The hare was then exhausted and was easily captured.—London Daily Mail.

#### A Matter of Assurance.

"Some of your speeches," said the cynical friend, "make me think of a mathematical marvel I once knew." "In what way?" "He would dispose offhand of any problem you gave him. Nobody in the crowd was able to say whether he got the right answer, and it really didn't seem to make much difference, anyhow."

#### Production of Mercury.

The annual production of mercury has risen to 3,325 tons. The United States produce 1,043 tons; Spain, with Almaden, furnishing 834 tons; Austria, with Idria, 570 tons; Italy, Monte-Amiata, 370 tons; Russia, Nikitofka, 318 tons; Mexico, 190 tons; other countries, including Japan and China, furnish the remainder, about 300 tons.

#### Small Demand for Buttons.

The Rev. G. Preston Tongue of St. Paul's church, Yarmouth, England, in his Parish Magazine, under the heading of "Acknowledgments," says: "Several anonymous contributions of buttons have been received. We are still wondering how to use these gifts to the best advantage in the district, as, for obvious reasons, they are unsuited to the needs of the heathen."

#### Wealth and Wisdom.

A man who is worth more than \$1,000,000 can get any commonplace remark accepted as an epigram.—Chicago Record-Herald

**No Vipers in New World.**  
Africa is the home of the typical viper. No species of the true viper inhabits the new world, though several kinds of snakes are commonly so called. The viperine snakes of this hemisphere belong to a sub-family of the vipers, known technically as the Crotalines. Under this head come the rattlesnake, copperhead, water moccasin, bushmaster, and the fer-de-lance.

#### Irreverent Youth.

On a recent publication day of a newspaper printed out west, a boy, some ten or twelve years of age, came into the office, and, with a peculiar grin on his face, inquired, "If that paper," pointing to the copy, "has an account of the man that has been murdered in Delevan?" He was answered in the affirmative, when depositing five cents upon the table, he remarked, with an air of self-importance, "Well—that's my dad, and I want to read about him."—Boston Herald.

#### The Italian Treatment.

The Italians resort to a very simple method when they wish to obliterate the injurious effects of salt air and sunshine after a visit to their villas, the shore of the Adriatic, the Tyrrhenian sea or the lakes. They bathe the face with the white of an egg, well beaten, let it dry on the skin and rinse it off in soft water after fifteen minutes. The treatment is repeated three or four times, and always at night just before retiring.

#### Small Millions of Years Old.

A petrified prehistoric snail embedded in the heart of a large piece of blue lias stone, was discovered a few days ago by quarrymen working at Cheddar Cliffs, Wales, upon some large boulders of stone which were displaced in the landslide which occurred some years ago. The discovery is distinctly interesting to the geologists on account of the great age of the find, as, situated upon a very low strata, it must be millions of years since the snail lived.

#### Humiliated Indian Tribe.

When the Quakers came to Pennsylvania in 1638 the only Indians in the neighborhood were the Delaware, who had just been terribly beaten by the Five Nations and forced into a treaty by which they submitted to be called women.

**Cannon Balls of Stone and Iron.**  
Stone bullets were used until the year 1614 when they were supplanted by iron. It was near the close of the sixteenth century before leaden bullets were generally adopted. Stone cannon balls are yet used in some of the eastern countries.

#### His Only Chance.

The man who has never become sufficiently important to lift a first shovelful of earth or lay a corner stone or drive a last spike may as well try to become reconciled to the fact that posterity will have to honor him, if he is to be honored.

#### Small Qualification.

He who is good at making excuses is seldom good for anything else.—Benjamin Franklin.

**Original Home of Honey Bee.**  
The common variety of bee, known as the honey-bee, is thought by some high authorities to have had its original home among the woods and mountains of central Europe.

#### Value of Contentment.

A contented mind is the greatest blessing a man can enjoy in this world, and if, in the present life, his happiness arises from conquering his desires, it will arise in the next from the gratification of them.

#### Hasty Pride.

This is how a little girl reported the text of the sermon: "Pride goeth before destruction, but a haughty spirit waits till fall."—Judge.

**Women Lawyers Gaining Ground.**  
Women are now eligible for admission to the bar in all Federal courts, and in Maine, Massachusetts, Connecticut, New York, New Jersey, Pennsylvania, North Carolina, Indiana, Michigan, Ohio, Oregon, South Dakota, Washington and several other states.—Law Notes.

**The Fashion for Housekeeping.**  
It is no longer fashionable not to know on which side the bread is buttered or how to cook a potato. The intelligent society woman nowadays is scientifically domesticated. She can meet her own cook without flinching and can, moreover, give that autocrat "points" on culinary matters.

#### The Way to Tell.

You can't tell how much money a man is making from the clothes he wears. You must get a look at his wife's.—Pittsburg News.

#### The Ideal Woman.

Our ideal of what women ought to be is changing with a dizzy rapidity.—Englishwoman

**Develop Individuality.**  
Care should be taken in the large family that each child develops an individuality, says the London Sketch. Sometimes, especially in the case of girls, it is a good idea to send children to different schools. This seems an extreme measure, but is worth the consideration of the parents who find that their brood are dropping into slovenly habits of speech, into codes and rules of their own, and a general contempt and disregard of the rest of the world.

**For Celebration of the Fourth.**  
In the interest of a "sane" Fourth of July a Chicagoan has invented an instrument to produce noise by bursting paper between the mouth of a rubber bulb and a perforated handle.

**Value of Good Maxims.**  
Good maxims are germs of all good; firmly impressed on the memory, they nourish the will.—Joubert.

**Not for Her.**  
One of our smallest business men, a little bit of a fellow—at the dinner table of the house, a few days ago, was jokingly proposing marriage to a fat woman about six times his size. "No," indignantly replied the big woman, "when I marry I don't want to get a man so small that I'll have to shake the bed clothes in the morning to find him."

**Didn't Land as He Expected.**  
"I did not expect to come down this way," was the only remark made by Joseph Kinward, of Tarrytown, New York, after falling from a height of 150 feet, striking a guard wire, turning a complete somersault and landing on his feet.

**Stare Fate in the Face.**  
Fortune never helps the man whose courage fails.—Sophocles.
